EMPOLYABILITY SERIES 5.0 DAY 3

THEME	Explorace of Career Advancement
DATE	7/4/2026
VENUE	Student Union Building (SUB), UTM
TIME RANGE	Day 3: 1:00 pm - 5:00 pm

OBJECTIVE:

- To guide Year 1 to Year 4 engineering students in actively planning their career paths, equipping them with the essential skills and readiness needed for the professional workforce.

- To provide participants with actionable lessons, insider knowledge, and practical mentorship from professionals, ensuring they have the guidance required to succeed in the engineering industry.

- To assist students in identifying and securing suitable job opportunities that perfectly align with their specific engineering disciplines, technical strengths, and professional interests.

- To facilitate meaningful networking between students and industry leaders, building strong professional relationships that open doors for local employment and overseas career advancements.

INTRODUCTION

Many graduates face difficulties when they first enter the job market, especially when trying to secure a job that matches their qualifications. Students are often concerned about how to prepare a proper resume or CV, how to perform well during interviews, and how to answer questions from employers. These concerns can make students feel uncertain about their future careers. For this reason, **Employability Series 5.0 Day 3**, themed "Explorace of Career Advancement", was organised at the Student Union Building (SUB) UTM to help engineering students gain a better understanding of career preparation.

The program was designed for Year 1 to Year 4 engineering students. It aimed to provide guidance on important career related skills such as career planning, resume preparation, and interview readiness. Through the activities and sharing sessions conducted during the event, students were able to learn practical tips that can help them present themselves better when applying for jobs. The program also allowed students to understand what employers expect from fresh graduates in the engineering field.

The event also provided an opportunity for students to explore different career paths related to engineering. By interacting with industry representatives, students were able to gain useful knowledge about the working environment and the skills required in the industry. This experience helped students build confidence and prepare themselves more effectively for their future careers.

EVENT TIMELINE

TIME	PROGRAM
1:00 PM	Participants & Companies Registration
1:15 PM	Arrival of Guest
1:30 PM	National Anthem
	Welcoming Speech SOH ENG KEONG Director Program Employability Series 5.0 2026
	Speech by Ms.Azlina Alias
	Opening Ceremony Program Employability Series 5.0 2026 IEM-UTM Student Section
	Souvenir Presentation
	Keunggulan Terbilang
	Photo Session
2:00 PM	Mock Interview - **Slot 1**
3:15 PM	Break
3:30 PM	Mock Interview - **Slot 2**
4:30 PM	Mock Interview - **End**
4:40 PM	Closing Ceremony

	Closing Remarks SOH ENG KEONG Director Program Employability Series 4.0 2024 Photo Session
5:00 PM	End of Session

FREQUENTLY ASKED QUESTIONS (FAQs)

1. Who can join the event?
2. The number and the types of companies present to the mock interview session on Employability Series 4.0 Day 3.
3. Selection of companies for Day 3.
4. Name list for Day 3 grouping.
5. Who should I inform if I can't attend the mock interview?
6. Food
7. Things to bring during Day 3.
8. What to do after your interview session has ended.
9. Time allocation of an interview session.

IEM Student Section

1. Who can join the event?

Ans: Day 3 of Employability Series 5.0 is open to engineering students from Year 1 to Year 4.

2. How many companies are participating, and what types of companies are involved?

Ans: A total of 10 interviewers will be present. These companies come from a variety of engineering sectors, including top mechanical and semiconductor firms. Please stay tuned for our updates.

3. If I am not satisfied with one company, am I allowed to interview with more than one? What is the selection process in such cases?

Ans: Participants are not allowed to choose the company for their interview. Each person will have only one opportunity to interview, and the selection process is done randomly.

4. When will the name list for Day 3 Grouping be released?

Ans: The list of names will be announced once the total number of participants is finalized.

5. Who should I inform if I can't attend the mock interview?

Ans: If you are unable to attend the Employability Series event, kindly inform the event organizers in advance: Joanne Liew Xin Hui | +60143648821 Alex Lim Wei Kang | +601151554082

6. Is food provided during the mock interview session? Ans: Food is not provided during the event.

7. What should I prepare before attending the Day 3 Employability Series event?

Ans: Participants should print out their own resumes, as the organizers will not provide printed copies. Additionally, they are required to wear formal clothing in accordance with the university's dress code policy.

8. Are participants allowed to leave after finishing their mock interview slot?

Ans: Yes, participants are allowed to leave after completing their mock interview session. However, participants are encouraged to stay until the end of the closing ceremony.

9. How much time is allocated for each interview session?

Ans: Each participant will be allocated approximately 30 minutes for the interview session, including the discussion of the interview results.
